

## **Lull Telehandler Part**

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy ever since 1959. The Lull telehandler could help make the work faster and easier, whether the job entails transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are complete with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can provide 80 inches of boom travel for precision placement functionality. There are even many optional Lull attachments for their telehandlers in order to help do whatever work.
